

YOSC Library (October 2007)

Hello all **Yateley Offshore Sailing Club** members this is Graham your Librarian here. **Your club** has a library which offers you a number of services. These pages contain an index of all loan items, notes the way the library works and how to contact me. This file was last updated on 9/10/2007.

The library has a stock of **Books, Videos, CDs and Sailing Snips**, [from magazines], on sailing matters and **Equipment** for you to borrow. I also have a stock of club **burgees** for sale and **ties** free to members. **Give me your old sailing magazines** and I will keep **Sailing Snips** up to date and weed out older material. I often have other sailing catalogues, chandler's brochures, tide tables, book lists etc. Contact me; I may have what you want.

There is no fixed loan period for any item, but to provide a good service to all members it is suggested that books and videos are returned within 4 weeks. For, **Sailing Snips**, borrow the relevant folder, copy the articles you want and return the folder within 2 weeks. Balfours near Waitrose only charge 5p per A4 sheet.

Once a year, around October, I take orders for **clothing**; sweatshirts, T-shirts, fleeces etc, embroidered with the YOSC logo, with or without a boat name. Choose a popular item or select from a catalogue. All items can be embroidered with the YOSC logo.

I am always looking to acquire new material, books, videos, CDs etc. on sailing matters. If you have any to donate, see me; if you know of any good items to purchase, let me know your views and if supported I will action. If you have any suggestions for additional Library services let me know.

The YOSC has the following items of hardware to assist in the maintenance of boats.

VSWR and power meter (HF/VHF) : High-pressure washer

Anti foul scraper : Polisher/buffer : Sump oil pump

Mini engraver : Hot blade rope cutter & Sealer

These are all available for you to borrow. To give a good and fair service to all members an **agreed loan period** system operates for equipment, this allows me to manage the loan system and maintain the equipment. **Equipment has to be returned to me at the end of the agreed loan period. Members are requested not pass items directly to other club members**, as this will upset the booking and maintenance system. Contact me to book an item.

For any library services contact me, Graham France the Librarian, in person at the

Yateley Centre Monday evening social gathering or

e-mail me (see YOSC directory for e-address) or tel: 01252 671 325
