October	Laying Up Supper

Club Facilities

RYA Shore Based Training

Yateley Offshore Sailing Club is a recognised RYA training centre offering shore based RYA Day Skipper, Coastal Skipper/Yachtmaster Offshore theory courses and RYA First Aid courses.

The Day Skipper theory course content includes basic seamanship, an introduction to chart work, navigation, collision regulations, and meteorology— invaluable for those intending to skipper a yacht in coastal waters.

The Coastal Skipper and Yachtmaster theory courses involve a minimum of 40 hours of tuition including advanced navigation, pilotage and meteorology for skippers wishing to advance their theoretical knowledge in readiness to undertake longer sea passages.

The theory courses are a prerequisite for those wanting to take RYA Day Skipper, Coastal Skipper/Yachtmaster Offshore practical assessments.

The First aid course is intended for all who have an interest in safety aboard. The course will provide a working knowledge and aid ability to take the appropriate action in medical emergency situations, especially in remote locations.

The course also fulfils the requirements for skippers of small craft operating within 60 miles of a safe haven. The course is MCA and HSE approved.

All of these in-house courses are run for the benefit of club members.

YOSC Equipment & Items for loan to Members

- VSWR and power meter
- Battery drop tester
- Antifoul scraper
- Sump oil pump
- Mini engraver
- Heavy duty POP rivet gun
- Hot blade rope cutter & sealer
- Heavy duty & light duty polisher/buffer
- High-pressure washer with attachments
- Cutless bearing & propeller removal tools

We also have a range of books, DVDs and CDs on sailing matters plus YOSC burgees, car stickers and a range of stylish sailing clothing embroidered with the YOSC Logo.

Yateley Offshore Sailing Club

Foundation of the Club

The Yateley Offshore Sailing Club was founded in September 1991 by a group of past members of RYA shore based evening classes whose mutual interest was sailing with the principal objective to promote and facilitate the sport of sailing and recreational boating.

Sailing and Social

We run sailing rallies & events in the summer season and social events through the year. About once a month we are entertained and informed by a guest speaker on topics of general interest to our Members including some marine related topics. We welcome both boat owners and non-boat owners who wish to enjoy the benefits of sailing in company.

Monthly Newsletters

The Club Newsletter is published by our Editor on the first of each month and distributed to all members optionally by post or email. There is an introductory article by the Commodore with the latest Club news and Members are invited to send illustrated articles on their sailing exploits or anything of interest. The Newsletter also has current updates to the sailing and social programmes.

Club Membership

If you are interested in joining us, or if you would like further information about the club, come along to the Sandhurst Social Club any Monday and make yourself known to any club member. You will be assured of an enthusiastic and warm welcome.

Further details and Application Form are available on our Website or from our Membership Secretary as detailed on the back page of this brochure.

YOSC Supports the RNLI
